December 1

Attention, All Employees:

Beginning on January 1, Barkley-Stephens Corporation (BSC) will transition to a security system that uses integrated ID badges. Until now, BSC employees have used traditional identification cards that security personnel checked at entrances to the building. They simply compared the badge photograph with the employee's appearance. The new system will be more technologically advanced, integrating ID badge information with various access points around our facility.

Integrated ID badges allow employees entry only to areas of the building that are permitted to them. Moreover, the badges create an electronic record of who has entered which areas of the building and when. In the case of temporary employees, badges will be disabled when their tenure ends.

New photographs of all staff will be taken in mid-December, when everyone will be asked to fill out a brief form to complete badge processing.

Dear Ms. Carracia:

My name is Isaac Bolton, and I am Director of Marketing at Foxtail Airlines. — [1] —. I am writing to share a marketing idea with you that would be beneficial for both our companies. Foxtail Airlines advertises for these hotels in our in-flight magazine at a significant discount. — [3] —. We would like to develop a similar partnership with Obsidian Villa.

To give you an idea of the advertising possibilities we offer, our graphic design team has created four potential advertisements. They are enclosed with this letter. — [4] —. I hope these samples demonstrate how enthusiastic we are about promoting Obsidian Villa to the over three million passengers who fly with us every year. If you are interested in exploring this idea further, please contact me by phone at 546-555-0182 or by e-mail at i.r.bolton@foxtailairlines.com. I hope to have the opportunity to work with you.

Dear Ms. Connelly,

Sincere thanks to Wenford Technologies for supporting my attendance at the Breakthroughs conference. It is an exciting opportunity for me, and I am really looking forward to learning from others in the same field who work in different parts of the world.

I would like to mention that I lead a daily client conference call at 2:30 P.M. (the time in Johannesburg) that I am unable to cancel. This task would start at 9:30 A.M. in Newark, and it will require my attention for 30 minutes or so. Otherwise, I hope to participate fully in all conference proceedings. Please let me know if there is any information you might still need from me.

Best regards,

Adamu Adebayo
